Career Orientation for Immigrants (BOF)

- get to know professions and technical language
- targeted preparation for vocational training

SPONSORED BY THE

Learning of specialist knowledge and technical language in a suitable profession

In our offer “Career Orientation for Immigrants - BOF” we support young refugees and immigrants on their way to vocational training.

Content of the Course:

- You will have the opportunity to deal intensively with professions in which you can imagine vocational training.
- Based on first experiences, you choose a profession in which you will build up and expand your technical language skills and professional skills step by step.
- An in-company phase enables you to keep trying in your preferred occupation.
- We mediate the content and requirements of dual education to you.
- We prepare you for vocational schooling with job-related lessons and strengthen your media skills.
- During the entire time, you will be looked after individually by social-educational support. Pedagogues will be at your side if you have any questions or need to act in personal matters.

Your advantages:

- get to know professions with good entry opportunities
- discover individual professional skills and find the right job
- gather and develop professional experiences
- receive individual job-related language training during the entire time
- receive personal support from us at all times
- getting ready for a start in an apprenticeship
